## **Article 1: ORGANIZATION**

Trail 52 Sport Mendi Kluba (registered in the Register of Sports Entities under number CD0006383 and complying with the requirements established in Decree 29/1989 of February 14 and with the number of CIF G95840914) in collaboration with the Navarra Sports Club (CIF G31188832) organizes the Circuit BASQUE ULTRA TRAIL SERIES with the institutional support of The Government of the Autonomous Community of the Basque Country and the Government of the Autonomous Community of Navarre; Of the Provincial Councils of Bizkaia, Gipuzkoa and Araba and of the Town Councils of Bilbao, Vitoria/Gasteiz, Iruñea/Pamplona and Donostia/San Sebastián.

## **Article 2: THE BASQUE ULTRA TRAIL SERIES CIRCUIT**

BASQUE ULTRA TRAIL SERIES is a four-track, ultra-long-distance / ultra-deep semi-self-relay race that links the cities of Bilbao, Vitoria/Gasteiz, Iruñea/Pamplona and Donostia/San Sebastián throughout:

<b><u>Date</u></b>	<b><u>Race</u></b>	<b><u>Distance</u></b>	<b><u>Gradient/Height</u></b>
Feb 22/24, 2019....	Bilbao-Gasteiz.....	110 km.....	(D+5.900m/D-5.300m)
May 7/9, 2021.....	Gasteiz-Iruñea (Antsoain).....	130 km.....	(D+6.100m/D-6.200m)
Jul 23/25, 2021.....	Iruñea (Antsoain)-Donostia...120 km.....		(D+6.800m/D-7.200m)
Oct 7/9, 2022.....	Donostia-Bilbao.....	140 km.....	(D+8.300m/D-8.300m)

The BASQUE ULTRA TRAIL SERIES circuit was born with the desire to promote the values of mountaineering -respect, solidarity and knowledge of nature through physical exercise- and to spread the landscape richness of the geography of Euskal Herria (Basque Country).

These mountain crossings run through hills, forests, meadows, rocks and in general by spaces and rough terrain in which the conditions can be adverse. To face these races, it is necessary to be accustomed to getting on in the mountains, having a good physical and mental preparation and a great capacity for personal autonomy.

Participants will follow the instructions given by the organization at all times. Failure to comply with this rule may be penalised even with disqualification (see Art. 25: Penalties).

Participation in any of the four races of the BASQUE ULTRA TRAIL SERIES Circuit entails the acceptance of these regulations and the race ethics published by the organization on its website [www.basqueultratrail.com](http://www.basqueultratrail.com).

All participants in each of the races must sign a letter / letter of discharge at the time of collecting the bib number in which they commit to comply with the ethical values of the Circuit and exempt the organization from any behavior contrary to such values and / or the law.

### **Article 2.1: Buts Txiki**

In addition to the races included in the II Basque Ultra Trail Series Circuit, the BUTS Circuit has organized the BUTS TXIKI events on the same dates and routes since this year. The TXIKI BUTS are ultra trail races with approximately half the length of the BUTS Circuit in order to bring the BUTS experience closer to non-accustomed runners at distances greater than one hundred kilometers:

<b><u>Date</u></b>	<b><u>Race</u></b>	<b><u>Distance</u></b>	<b><u>Gradient/Height</u></b>
May 8/9, 2021.....	Andoin-Antsoain (Iruñea) ....	75 km.....	8.100m (D+4.000m/D-4.100m)
Jul 24/25, 2021....	Lekunberri-Donostia .....	70 km.....	8.400m (D+3.900m/D-4.500m)
Oct 8/9, 2022.....	Elgoibar-Bilbao .....	80 km.....	9.200m (D+4.600m/D-4.600m)

The BUTS TXIKI races are governed by this same regulation for all purposes.

### **Article 3: SEMI-SELF-SUFFICIENCY**

The main feature of the races that make up the BASQUE ULTRA TRAIL SERIES Circuit is the semi-self-sufficiency of its participants. That is, the capacity of each participant to organize their own survival between supplies, both from the food, clothing and safety point of view so that they can resolve autonomously and self-sufficient situations arising from the competition and the environment in which it develops (physical and / or mental fatigue, illness, injuries, inclement weather, etc.).

For this, the organization establishes a mandatory material that each competitor must carry throughout the race (Article 23: Mandatory Material).

This material will be required upon delivery of the bib numbers and it will be verified that the participant takes it in the start corral prior to the beginning of the race. Once in the race, those responsible for the checkpoints can request a checking of such material at any time. All participants are required to undergo such control. If they refuse, they will be disqualified (Article 25: Penalties).

It is the responsibility of each participant to have the right material, beyond the obligatory, to be able to withstand the conditions of the mountain.

The itinerary of each race will be specially signaled and is mandatory to complete as instructed. Those who do not abide by this rule will be sanctioned. This may result in a penalty that may include disqualification. (article 25: Penalties)

The principle of semi-self-sufficiency means that it is forbidden to be accompanied or allowed to be accompanied during or part of the race by an unregistered person like a pacer (Bidelagun), outside the authorized zones and clearly indicated at the refreshment posts (200 meters before and after them) . Failure to comply with this rule implies punishment that can lead to disqualification (Article 25: Penalties).

### **Article 4: SUSTAINABILITY AND RESPECT FOR THE ENVIRONMENT**

One of the main values on which the BASQUE ULTRA TRAIL SERIES Circuit is based is sustainability and respect for the environment.

The races that make up the BASQUE ULTRA TRAIL SERIES run in many sections through Natural Park and in general through protected spaces that require a special care and respect on the part of all the parties involved in the race: organization, volunteers, public and participants.

As regards the organization, in addition to ensuring and trying that the impact of the races in the natural environment is the least possible, it undertakes to:

- Use recycled, reusable or biodegradable materials.
- Remove all beacons and marks indicating the routes and, in any case, remove any type of residue that may have dropped during the races.

In addition, the organization will make a special effort to comply with those aspects of the regulation related to the conservation of the environment:

- At the refreshment posts, there will be no cups to avoid, as far as possible, the generation of rubbish. Each participant must carry a recyclable container (cup,

drum or other container) with a minimum capacity of 30 cl. Exceptionally, they can be used in the first refreshment stand of the races to avoid crowds.

- **Each participant must legibly mark their bib number, with a permanent marker, on the wrappers of bars, gels, food bags, etc., both on the runner's bag and on the drop bag to leave at the corresponding Aid Station.** The organization reserves the right to request all provided materials without notice.
- The organization will include in the runner's bag that will be given when collecting the bib number, a folding cup to use at the refreshment posts and a small recyclable bag-mesh to store the garbage which will be generated during the race, which must be put into the containers found at these refreshment posts.
- It is obligatory to follow the marked path, without shortening or taking any shortcuts, especially in those stretches that run off tracks or paths and protected natural areas, as this entails irreversible erosion and an immediate degradation of the terrain.

Failure to comply with any of these rules implies penalties that may lead to disqualification (see Article 25: Penalties).

#### **Article 5: SIGNPOSTING / MARKING**

The itineraries of the four races of the BASQUE ULTRA TRAIL SERIES circuit will be properly marked with tapes, reflective signals and signposts.

However, the organization recommends that participants take the race track, available on the web ([www.basqueultratrail.com](http://www.basqueultratrail.com).) for greater safety in case of especially adverse weather conditions, participant's confusion or disappearance of trail markings.

In the event that in the urban or road sections there is no organization staff regulating the passage of participants, they must comply with traffic regulations for pedestrians: road traffic, zebra crossings, traffic lights, etc.

#### **Article 6: REGISTRATION**

The registrations will be done online, through the event's official website Any registration that is completed through other websites will not be honoured.

Due to the postponement of the circuit because of COVID-19, registration for the distance of 130km remains open as of April 3, 2020.

Registration for the Andoin-Iruñea (Antsoain) (BUTS TXIKI) will begin starting October 13, 2020 at 10:00am.

There are only 350 registration spaces available for each of the two races. The bib numbers will be given out in the order that the registration was received.

The number assigned to each registered runner will be for their individual use and is non-transferable.

The organization will provide 30 additional numbers in each race for their compromises.

The registration period will close at 24:00 on April 3, 2020.

Registration includes:

- Right to participate in the race.
- Accident insurance.
- Liability insurance.
- Medical care in race.
- Massage service during and after the race.
- Commemorative garment of the test.
- Service of food and drink at the refreshment posts.
- Food and drink service, showers and rest area at the Aid stations and finish line zones.
- Free transfer services for the participants: along the route in case of withdrawal and transfer finish/start line and finish-showers-finish line.
- Pasta party.
- Bag / sack for transporting material to the Aid station\*.
- Mesh bag to deposit rubbish during the race.
- Book of Race / Road Book (document with all the information of the races).
- Chip timing service.
- GPS security beacon\*.
- Folding cup and clip / carabiner for transport.

\* Not included in the BUTS TXIKI race.

The organization does not guarantee the size of the commemorative garment to people who register after March 21, 2021.

In addition, participants who complete the races in the schedule established by the organization will receive a finisher gift at the time of their arrival at the finish line.

In order to validate the registration, it is essential to accept the regulations and exempt the organizers from any liability in case of accident or personal injury suffered during or after the competition, although the organization will do its best to avoid them. This declaration is signed during the collection of the bib number.

### **Article 6.1: Registration Fees**

<b>Registration period</b>	<b>BUTS</b>	<b>BUTS TXIKI</b>
April 3, 2020 – October 12, 2020	135,00 €	
October 13, 2020 – January 10, 2021		75,00 €
January 11, 2021 – April 11, 2021		90,00 €

### **Article 6.2: Insurance for Cancellation of Registration**

Every person may, at the time of registration, subscribe to an annulment insurance, paying for it € 10 per person and race. This amount will be added to the cost of registration.

This Insurance allows to recover the amount paid by the inscription, except the 10 euros paid as Annulment Insurance. This guarantee of return will only be valid until the closing date of registrations of each race. From that date on, NO refund request will be accepted, regardless the reason given.

### **Article 6.3: Cancellation of Registration**

The cancellation of the registration will only be admitted in the following cases:

- Accident, injury, serious illness or death of the enrolled person.
- Severe illness with hospitalization or death of the spouse, partner, ascendant relatives / descendants of the first degree of the enrolled person.

Any of the other causes of cancellation indicated must be justified by the corresponding certificate, which must be sent to the organization by ordinary mail (c / Iparragirre, nº 66, 48012 - BILBAO) or by e-mail (Inskripzioak@basqueultratrail.com). No cancellation request will be accepted by phone or fax.

**If a registered person wants to cancel their registration but has not paid the Annulment Insurance or he/she has contracted it but does not meet the assumptions indicated in Article 6.3, the amount to be reimbursed will be proportional to the date of request for such refund:**

<b><u>Receipt request date</u></b>	<b><u>Amount to be returned (% amount paid)</u></b>
During the first registration period in each race .....	60%
During the second term of enrollment in each race .....	40%
During the third registration period in each race .....	30%

No application for cancellation of registration will be accepted later than the closing date of registration of each of the races.

All applications for cancellation of registrations will be studied and resolved during the two months following the end of the event.

### **Article 7: WAITING LIST**

In case of completing the enrollment quota in the race, a waiting list will be created that will be used to cover the casualties that may occur until the date of completion of the enrollment period. From that date on, no inscriptions on the waiting list will be formalized.

Entries on the waiting list will be made by a strict order of registration.

### **Article 8: MEDICAL CERTIFICATE**

In order to formalize the registration, it will be necessary for the participant to send to the organization a medical certificate by regular mail or e-mail ([inskripzioak@basqueultratrail.com](mailto:inskripzioak@basqueultratrail.com)) that **must be in possession of the organization at time of registration.**

**Failure to send this certificate within the period indicated will result in the cancellation of the registration and the loss of any right to refund the registration fee.**

A new medical certificate will be required each year (at time of registration). Those registered in the Gasteiz-Antsoain (Iruñea) circuit, scheduled for 2020 and postponed due to Covid-19 to 2021, are exempted of this obligation. The previously presented medical certificate remains valid.

**Those registered in the BUTS TXIKI race DO NOT need a medical certificate of health in order to formalize their registration in the race.**

The medical certificate must be signed and stamped by a doctor, stating his name and collegiate number. Otherwise, the registration will be automatically disabled and the registration fee will not be paid.

The organization offers a model certificate that can be downloaded from the official website of the Circuit BASQUE ULTRA TRAIL SERIES ([www.basqueultratrail.com](http://www.basqueultratrail.com)).

### **Article 9: CATEGORIES**

- Male Absolute
- Female Absolute
- Male veterans (45-54 years)
- Female veterans (45-54 years)
- Male Master (Over 55 years old)
- Female Master (Over 55 years old)

Only those over 18 years of age (completed before the date of the trail) may participate.

### **Article 10: CLASSIFICATIONS**

The organization of the BASQUE ULTRA TRAIL SERIES Circuit will establish a series of classifications, both for each race and the Circuit, which will determine the participants with the right to prize and gifts.

#### **Article 10.1: Classifications of races**

There will be a classification by category for each of the races, in addition to a general classification in each race.

The pace timing will be available to the participants / companions in real time, as far as possible, on the website of the Circuit BASQUE ULTRA TRAIL SERIES ([www.basqueultratrail.com](http://www.basqueultratrail.com)). Also, the final results will be displayed on the web the day after the end of each race.

#### **Article 10.2: Classifications of the Circuit**

The BASQUE ULTRA TRAIL SERIES Circuit will have an absolute general classification (masculine and feminine) that will be used to decide the winners of the prizes awarded by the Circuit. This classification will be based on a score awarded in each race.

Each of the four races that make up the BASQUE ULTRA TRAIL SERIES Circuit will award a number of points to the participants according to their classification.

The score that the winner of each of the first three races will get is 100 points, while the one of the fourth race is 150 points:

- Bilbao – Gasteiz..... 100 points
- Gasteiz – Iruñea..... 100 points
- Iruñea – Donostia..... 100 points
- Donostia – Bilbao..... 150 points

The score of the first 10 in each race will be as follows:

	<b><u>Bilbao-Gasteiz</u></b>	<b><u>Gasteiz-Iruñea</u></b>	<b><u>Iruñea-Donostia</u></b>	<b><u>Donostia-Bilbao</u></b>
1º.....	100 points	100 points	100 points	150 points
2º.....	90 points	90 points	90 points	130 points
3º.....	80 points	80 points	80 points	110 points
4º.....	75 points	75 points	75 points	100 points
5º.....	70 points	70 points	70 points	90 points
6º.....	65 points	65 points	65 points	85 points

7º.....	60 points	60 points	60 points	80 points
8º.....	55 points	55 points	55 points	75 points
9º.....	50 points	50 points	50 points	70 points
10º.....	45 points	45 points	45 points	65 points

From the tenth place, the score will descend point by point for each position until it reaches 1 point. All finishers will add at least one point.

**The final classification of the circuit will be established by the sum of the three best scores of the races. In this way, if a runner has participated in the four races of the Circuit, he will be able to discount the one in which he has obtained the worst score.**

The winner of the BASQUE ULTRA TRAIL SERIES Circuit will be the participant who accumulates the most points after the conclusion of the four events.

**To aim for the cash prizes, it is necessary to participate in a minimum of two of the four scoring trails of the BASQUE ULTRA TRAIL SERIES Circuit. One of those two tests must be the fourth scoring trail (Donostia - Bilbao).**

### **Article 11: AWARDS**

The organization of the BASQUE ULTRA TRAIL SERIES Circuit establishes a series of prizes and gifts for participants who complete each of the four races that make up the Circuit, as well as prizes and gifts for those who complete all the Circuit stages.

#### **Article 11.1: Prizes in each scoring race of the Circuit**

All participants who finish the race within the maximum time limit stipulated by the organization will be able to download a diploma from the web that certifies that they have completed the route.

In addition, they will receive a gift in their condition of finisher ~~when returning the chip~~ at the finish line.

For positions, the prizes will be the following ones:

(Male and female categories of any age)

- 1st. € 1,000 + txapela (traditional Basque beret) + trophy
- 2nd. € 500 + trophy
- 3rd. € 250 + trophy

Trophy for the top three veteran categories (male and female), Master (male and female) and teams.

#### **Article 11.2: BASQUE ULTRA TRAIL SERIES Circuit Awards**

For positions, the prizes will be the following ones:

(Male and female categories of any age)

- 1st. € 2.000 + txapela (traditional Basque beret) + trophy
- 2nd. € 1.000 + trophy
- 3rd. € 500 + trophy
- 4th. € 250
- 5th. € 100

In addition, all participants who have completed the four scoring races will receive a gift as finisher of the BASQUE ULTRA TRAIL SERIES Circuit.

#### **Article 11.3: Gazteiz-Antsoain (Iruñea) TXIKI Awards**

The prizes will be awarded by position as follows:

(Male and Female categories of any age).

- 1st. € 300 + trophy + txapela
- 2nd. € 200 + trophy
- 3rd. € 100 + trophy

In addition, the first three classified in the Veterans (male and female) and Master (male and female) categories will receive a trophy.

It will be compulsory for all participants who complete the podium in the different categories to be present at the awards ceremony on the day and time scheduled by the organization, which will be duly announced on the web ([www.basqueultratrail.com](http://www.basqueultratrail.com)). The participant's absence at this ceremony implies the loss of their right to receive the corresponding prize, except absence allowed by the organization.

All cash prizes will be subject to withholdings according to the current legislation.

### **Article 12: CLAIMS**

Race claims will only be submitted to the organizers in writing. The deadline will be within the 24 hours following the publication of the provisional classifications that will be displayed on the official website of the BASQUE ULTRA TRAIL SERIES Circuit ([www.basqueultratrail.com](http://www.basqueultratrail.com)).

The resolutions of such claims will be processed and communicated within a maximum period of one month after the end of the event.

### **Article 13: ROAD BOOK**

After closing the registrations for each event, each participant will receive by ordinary mail, e-mail or downloading the Route Book from the official website [www.basqueultratrail.com](http://www.basqueultratrail.com).

This guide includes the itinerary plans and race profiles, as well as other practical information: Checkpoint time limits, refreshment posts, medical and care stations, access places for companions and, in general, the essential information about the races.

### **Article 14: CHECKPOINTS**

The organization will carry out checkpoints both for safety and to verify the participants' presence in the race.

Participants must go through the established checkpoints to confirm their crossing by means of a chip provided by the organization.

These checkpoints will be clearly visible and passing through all of them is compulsory. Not going through any of them implies disqualification (Article 25: Penalties).

The checkpoints provided are the following:

### **Gasteiz-Antsoain (Iruñea) BUTS**

Km. 0 (Start Line)

Km. 19 (Okina)

Km. 32 (Azazeta)

Km. 50 (Pto Opakua)

Km. 66 (Camp Urbasa)

Km. 83 (Camp Arbizu)

Km. 102 (Ollo)

Km. 113 (Erice)  
Km. 120 (Oteiza)  
Km. 130 (Finish Line)

### **Andoin-Antsoain (Iruñea) BUTS TXIKI**

Km. 0 (Start Line)  
Km. 11 (Urbasa camping)  
Km. 28 (Arbizu camping)  
Km. 47 (Ollo)  
Km. 58 (Erice)  
Km. 65 (Oteiza)  
Km. 75 (Finish)

In addition to the notified checkpoints, the organization can perform 'mobile' controls over the course. Their location will not be communicated and passing through them is also compulsory.

## **Article 15: REFRESHMENT POSTS AND AID STATIONS**

### **Article 15.1: Refreshment posts**

There will be several refreshment posts throughout the course of the race where the participants will be able to eat, drink and stock up on food and drink.

Participants will have a stand with liquids and beverage supply at the start corral/park.

There will be no cups/glasses at the refreshment posts. In compliance with one of the principles governing the Circuit - respect for the environment and sustainability - and to avoid as far as possible the generation of garbage, each participant must carry a recyclable container (cup, drum or other container) with a minimum capacity of 25 cl.

The organization will provide a cup in the Runner's bag that will be delivered when collecting the bib number.

It is the responsibility of each participant to dispose, at the start of every refreshment post, of the drink and food necessary to arrive at the next station in a self-sufficient way.

As a general rule, only the race participants will be allowed to have access to refreshments. **The access of a companion will be allowed at the refreshment posts if they are in enclosed places (sport centres / frontons) only if properly identified through the accreditation provided by the organization (Runner's Bracelet).** The accompanying person will not be able to make use of any material, food and / or drink provided by the organization at the refreshment posts and will access and leave this area at the same time as the participant.

In compliance with the philosophy of semi-self-sufficiency that governs the races that make up the BASQUE ULTRA TRAIL SERIES Circuit, neither accompanying people nor any person outside the organization can provide food (solid or liquid) or material to the participants, Neither inside nor outside the refreshment posts. Failure to comply with this rule is sanctioned (Article 25: Penalties).

All participants must wear the bib number clearly visible when entering the refreshment posts.

All participants must go through these posts even though they do not want to stop at them.

There will be 4 types of refreshments:

- **Liquid:** water, soft drinks and isotonic beverages.
- **Basic:** in addition to what it is available at this post, fruits (oranges, bananas, watermelons, melons, tomatoes) and nuts.
- **Normal:** in addition to the basic provisions, cheese, quince, sausage, ham and cheese sandwiches and cocoa cream, chocolate, pasta, chips, olives, broth and coffee.
- **Complete:** in addition to those available in Normal, rice, macaroni and potato tortilla (Spanish omelette).

Exceptionally, in the event of a significant influx of participants, disposable cups will be distributed in the first refreshment posts of the race. These cups can only be used in the space enabled for the refreshments.

Each participant, along with the bib number, will be given a small bag to collect their waste / residues. Any participant who does not make the correct use will be penalized (Article 25: Penalties).

In compliance with one of the principles governing the BASQUE ULTRA TRAIL SERIES Circuit - respect for the environment and sustainability - the organization will enable litter bins at each refreshment post to correctly sort waste. Its use is mandatory.

### **Article 15.2: Aid stations**

Each of the races that make up the BASQUE ULTRA TRAIL SERIES Circuit will have an Aid station throughout the route. There, the participants will have a complete food and drink supply, showers, massage area, medical assistance and a rest area with mats / hammocks and blankets (max. 20 participants at the same time). The time limit to stay in this rest zone will be until 10 minutes before the closing of the control in that area.

At the finish lines there will also be a complete food and drink supply, showers, massage area, medical assistance service and a rest area with cushions / hammocks and blankets. These rest areas can not be used for overnight stays. They are reserved for those participants who reach the finish line during the night from Saturday to Sunday and the maximum time to stay in them will be 3 hours. Those participants who have finished the race on Saturday and want to extend their stay until Sunday, must search for their own accommodation.

## **Article 16: RACE BAG AND BACKPACK FOR PARTICIPANTS**

### **Article 16.1: Drop bag for AID STATIONS**

At the time of collecting the bib number, the participant will receive a plastic bag/sack that will have at his disposal at the Aid station and in which he can put any material or equipment he considers necessary, except trekking poles, which are not allowed in the bags.

Up to one hour before the race, the bag will be given to the organization which will be responsible for transferring it to the Aid station and, once the race ends, take it to the finish line area.

Upon arrival at the Aid station, it is compulsory for the participant to collect the bag, whether you use it or not, which will have to be returned to the organization once the participant leaves the Aid station.

Only the organization bags will be accepted.

The contents of these bags will not be verified by the organization, therefore no claims will be accepted. It is recommended not to introduce any valuables.

### **Picking up bags at the finish line**

The bag can be collected by the participant in the finish area. If picked on arrival, the participant will have to hand in the bib number compulsorily. If done at another time, the participant must show their bib number or card, along with the personal identity document.

Participants will be able to pick up their bag at the finish line from one hour after the closing of the Aid station control point and until the prize-giving ceremony of each race. If it has not been picked by then, the participant will have to contact the organization.

### **Collection of bags at the Aid station**

As long as the Aid station is open, the bag can also be collected at the station itself, upon request of the bib number or Runner's card, together with the participant's identity document.

### **Article 16.2: Finish line backpack**

Before departure, the participants will be able to give the organization a backpack with the necessary for having a shower and changing of clothes at the end of the race.

Participants will be able to pick up their backpack until the prize-giving ceremony of each race. After that, will have to contact the organization.

## **Article 17: SAFETY AND HEALTH CARE**

The organization will locate specialized staff for the health care of the participants at

certain points of the route and at the checkpoints. In addition, medical staff and ambulances will be available at strategic points of the route to intervene in case of need. It is compulsory to follow the indications of these personnel, who will be properly identified.

Participants should be aware that, given the environment in which races take place and the distances involved, medical care may take longer to arrive than under normal circumstances. Therefore, the safety of each participant will depend on the material carried in the backpack.

### **Article 17.1: Safety**

In case of bad weather conditions or for safety reasons or forces of nature beyond the scope of control, the organization reserves the right to stop the races, neutralize it temporarily suspend, modify the route or vary the time limits.

In the event of adverse weather conditions, the organization will have an alternative route that will be communicated conveniently to all participants. If the change to the alternative route is decided after the departure, it will be communicated to the participants at the appropriate checkpoint.

The organization reserves the right to modify the rules governing this circuit or to suspend any of its races in the event of an event or cause of force majeure.

The organization shall not assume any responsibility if the event is suspended or postponed by force majeure. Likewise, the organization is not responsible for the decisions taken by the participants as a consequence of the suspension of the race. Cases of suspension may be due to adverse climatic situations that pose risk and any reason outside the organization. In any case, the organization will not be responsible for the return of the registration fee.

In case of cancellation on the race of the organization, the complete or partial registration fee may be reimbursed. The amount of said reimbursement will be determined by the organization in order to enable the organization to account for the fixed, non-recoverable expenses accrued in organizing the events up until the date of cancellation. In the event cancellation occurs with less than 15 days to the start of the circuit there will be no reimbursement.

### **Article 17.2: Covid Protocol**

In view of the health alert situation caused by the Covid-19 pandemic and the protocols drawn up by official bodies and federations for the development of sports events, these regulations may be modified to comply with said protocols.

In the months prior to the race, the organization will inform all registered participants about said protocols, which the organization will prepare based on the evolution of the pandemic and in coordination with the regulatory authorities and federations.

### **Article 18: DOPING**

The use of substances, pharmacological groups and methods to artificially increase the physical capacity of athletes is strictly prohibited, according to the Organic Law 3/2013 of 20 June on the Protection of Athlete's Health and Anti-Doping in the sports activity, the Regulation and other provisions of the EMF / FVM and the FEDME (Spanish initials for 'Spanish Federation of Mountain and Climbing Sports').

Any competitor can undergo anti-doping control, before, during and / or after reaching the finish line. In case of opposition to such control, in addition to the immediate

disqualification by the organization of the BASQUE ULTRA TRAIL SERIES Circuit and its prohibition to participate in any other race thereof (see Article 25: Penalties), the participant will be sanctioned as if he/she had been positive in a doping control, according to the Anti-Doping Regulation of the EMF / FVM and to the other normative dispositions that are applicable at any moment in relation to this matter.

It is strictly forbidden to participate in the BASQUE ULTRA TRAIL SERIES Circuit if anyone is complying with a doping penalty or has been sanctioned for doping at some point in his or her sporting career (even if he / she has complied with the sanction), whether associated or not at the moment of the formalization of the registration and / or in the date of the event celebration.

If a person has formalized the registration and the organization of the BASQUE ULTRA TRAIL SERIES Circuit subsequently proves that He/She does not meet the requirements indicated in the previous paragraph, his/her registration will be automatically canceled and will not be entitled to the refund of the fee.

### **Article 19: GEO-LOCALIZATION**

The organization will provide the participants of the BASQUE ULTRA TRAIL SERIES circuit races with a GPS beacon for their geo-localization or geo- positioning. It is a security device that will allow the organization to know at all times the exact position and in real time of each of the participants.

Participants are obliged to carry the GPS beacon at all times, which will be installed in their backpack when collecting the bib number. Refusal to do so or to disengage from it will be grounds for immediate disqualification (see Article 25: Penalties). It can only be removed by members of the organization.

The GPS beacon is a high-cost item. It is the responsibility of the participant to take care of it from the moment he is provided with it and until his crossing the finish line or withdrawal of the race.

Due to the cost of the GPS beacon there will be a 20 € deposit required upon the attachment of the GPS to one's backpack. The 20 € deposit must be given in the form of a single 20 € bill (note). This deposit will be returned to the participant, by the organization when the device is returned at the end of the race.

### **Article 20: TIME LIMITS**

#### **Article 20.1: Starting Schedule**

- **BUTS** ..... ..: 22:00 (10:pm) on Friday, May 7, 2021 in **Vitoria/Gasteiz**.
- **BUTS TXIKI**...: 07:00 (07:00am) on Saturday, May 8, 2021 in **Andoin**.

#### **Article 20.2: Time limits**

The schedules of the tables that are detailed below are time limits and they refer to the time of the participant in race. These times are calculated so as to finish the race in the maximum established time, always taking into account the possible stops (rest, meals ...).

#### **Gasteiz-Antsoain (Iruñea) BUTS**

Okina .....	km 19 .....	02:00 (2:00am) Saturday (4 hours)
Azazeta .....	km 32 .....	05.00 (5:00am) Saturday (7 hours)
Opakua .....	km 50 .....	10.00 (10:00am) Saturday (12 hours)
Camp Arbizu .....	km 83 .....	18.30 (6:30pm) Saturday (20.5 hours)
Olo .....	km 102 .....	23.30 (11:30pm) Saturday (25.5 hours)

Erice ..... km 113 .....02.30 (2:30am) Sunday (28.5 hours)  
Antsoain (Finish) ..... km 130 .....07.00 (7:00am) Sunday (33 hours)

### **Gasteiz-Antsoain (Iruñea) BUTS TXIKI**

Camp Arbizu ..... km 28 .....13.30 (1:30pm) Saturday (6.5 hours)  
Erice ..... km 58 .....21.30 (9:30pm) Saturday (14.5 hours)  
Antsoain/Ansoáin (Finish Line)... km 75 .....01.00 (1:00am) Sunday (18 hours)

**In order for a participant to continue the race, he must leave the checkpoint before deadline.**

Any participant who, after the established time limit, has not passed through the checkpoint will be out of the race. In case they want to go ahead, they can only do so after deactivating the chip and removing the geo-positioning beacon, and under their exclusive responsibility and autonomy.

In the event that the organization decides to modify the planned time limits, participants who can not reach the new established time limits will be out of the race.

### **Article 21: WITHDRAWALS AND TRANSFERS TO START/FINISH LINES**

Except for injury or accident, a participant should not abandon the race if it is not at a checkpoint or refreshment post. If a participant decides to leave the race outside these, he must go to the nearest checkpoint or wait for the broom runners in order to get the control chip deactivated and the geo-positioning beacon removed.

After withdrawing, the participant will always keep the bib number to be able to benefit from the services offered by the organization (buses, showers, refreshments upon arrival, etc.).

#### **Article 21.1: Compulsory withdrawal**

The organization may temporarily stop or withdraw a participant from the competition when they consider that the participant has reduced their physical or technical abilities as a cause of fatigue, do not have the obligatory material, or considers that their health state endangers their physical integrity or safety.

Any participant who requests the services of the medical team, is submitted to their judgment and assessment of the situation and must accept their decisions.

The official health and medical assistance of the races may in any case:

- Withdraw from the race any participant they consider is not fit to continue.
- Evacuate by the means they deem appropriate and / or order the hospitalization of any participant according to their physical state.

In case of being evacuated to a hospital, the participant must take care of their return to the finish line of the race or to their home.

In case of an accident or injury that prevents the participant from getting to a checkpoint by himself/herself and requiring his/her evacuation, the participant must contact the organization through the telephone numbers provided to activate the rescue operation and that will be printed in the bib number.

If it is not possible to use these numbers because of coverage problems or if the emergency situation is particularly serious, the free emergency number 112 must be dialled.

It is recalled that the solidarity and respect of the other participants in these emergency situations are crucial to minimize the damages of the person assisted.

Failure to assist a participant in an emergency who requests assistance from another participant is sanctioned with disqualification (see Article 25: Penalties).

### **Article 21.2: Finish line transfers**

The return of the retired participants to the start / finish line of each race will be decided together with the person responsible for each checkpoint based on the following criteria:

- The checkpoints from which the retired participants will be transferred to the finish line are the following:
  - **BUTS:** Okina, Azazeta, pto. Opakua, camp Urbasa, camp Arbizu, Ollo and Erice.
  - **BUTS TXIKI:** Camp Urbasa, Camp Arbizu, Ollo and Erice.
- Participants who withdraw at any other control or refreshment post and are not injured should access, as soon as possible and by their own means, the indicated transfer points.
- At checkpoints that can only be accessed by off-road vehicles, provided that the evacuation is not urgent, the checkpoint officer will decide when to transfer.
- In case of adverse climatic conditions that justify the total or partial suspension of the race, the organization ensures the evacuation of the detained participants in the shortest possible time.
- Participants who, for any reason, decide to abandon the race and do not go to the evacuation points or notify the person in charge at the checkpoint, will be outside the control of the organization and the organization will be exempt from any responsibility which may occur.

### **Article 22: BIB NUMBERS**

The bib number will be given personally to each participant, along with the time control system. For this, an official identity document in force with a photo, and the Runner's ID card must be presented.

To collect the bib number, it is necessary to present the compulsory material (see article 23: Compulsory Material). Once the control of mandatory material has passed, each participant will sign a commitment to comply with these regulations that the organization will keep throughout the race.

Participants must keep the bib number provided by the organization at all times.

The bib number should be on the front of the body (chest, belly or legs) and visible throughout the race. The bib numbers can not be copied, folded, covered or modified. Failure to comply with these requirements imply sanctions that may lead to disqualification (see Article 25: Penalties).

The bib number is obligatory in order to access the start corral, the refreshment posts, the Aid checkpoints and, in general, any area reserved to the participants of the race.

In no case the participant will have their bib number removed.

### **Article 23: COMPULSORY MATERIAL**

Each participant must have, to ensure their own safety, the appropriate material. It will be compulsory to carry the following material during the entire race:

- ID / passport
- Backpack
- Water supply of a minimum capacity of 1 litre
- Cup / can (minimum capacity 33 cl)
- Food supply (minimum 500 kcal)
- Waterproof, breathable FR rainwear hooded jacket (not windproof)
- Crop pants or tights (below the knee) (Not necessary in the **BUTS TXIKI** race)
- 2 headlights, each with its corresponding power supply. Only if the two front ones use the same type of energy, a single spare will be enough.  
(In the **BUTS TXIKI** race, 1 headlamp and a spare power will be enough)
- Rear position red light.
- Survival blanket (minimum 1.20m x 2.10m)
- Cap / visor / bandana
- Whistle
- Elastic adhesive bandage or taping (minimum 80 x 3 cm)
- Mobile phone with charged battery (record the number of emergencies of the organization in the contacts, do not hide the number, keep the phone switched on).

The compulsory material will be required by all participants at all times. If the organization is to judge that a participant is not in the possession of any of the obligatory material; or if the participant refuses to show that they are in possession of said obligatory material; the participant will be disqualified immediately (Article 25: Penalties).

Failure to carry any of these mandatory elements may lead to immediate disqualification of the participant (see Article 24: Penalties).

Material highly recommended:

- Extra warm clothing in the event of adverse weather
- Gloves
- Sunglasses
- Sunscreen

Recommended material:

- Telescopic sticks/poles
- GPS
- Vaseline

If you use sticks/poles, it will be compulsory to carry them throughout the race. Sticks/poles will not be admitted in the Aid station drop bag. It will only be allowed to leave them at a control or refreshment point in case of breakage.

No participant is allowed to receive or leave any physical material or spare clothing at any point except at the Aid Station, where the participant is able to make use of their personal physical material from the bag the participant provided prior to the start of the race.

Depending on the weather forecasts, the organization may require as compulsory material the one initially proposed as highly recommended or advised. The organization will advise the participants with plenty of time in advance of this eventuality.

#### **Article 24: START POINT CONTROL**

One hour before the beginning of the race, the start and compulsory material checking control will begin to allow the participants to access the start corral/park.

Once in the corral/park, the participants will no longer be able to leave until the starting time.

The participants will have liquid refreshments in the corral/park. Participants are recommended to go to the corral/park as early as possible to avoid crowds.

**In the BUTS TXIKI race there will be no start control**, although during the test the participants must undergo as many material controls as required by the organization or by the race judges.

### **Article 25: PENALTIES**

Being long distance races, the safety and integrity of the participants prevails over everything else in the event of any eventuality. Therefore, the organization of the race, along the route, or those responsible for each control and refreshment station, have the power to enforce the regulations and to apply the penalties that are detailed below:

<b>INFRACTION</b>	<b>PENALTI</b>

The time penalties will be added to the final time at the finish line.

### **Article 26: BIDELAGUN**

Runners whom desire to run with a companion, so they can cross the finish line together are permitted to do so. This is what we refer to as a Bidelagun.

The Bidelagun will need to be registered at the register's platform. At this time the pacer must specify who they are pacing for. The pacer will be the only companion permitted during the race.

The registration price for the pacer will be 45 euros.

Registration implies acceptance of this rules by the Bidelagun. The Bidelagun has the same rights and obligations of the runner who accompanies. The compulsory material will be the same with two exceptions: it will be enough to have a one headlights, with its corresponding power supply and rear position red light is not obligatory.

**Attending to the philosophy of the Bidelagun (as an accompanying figure of the popular runner to help him finish the race, and not as a pacer), those runners who are supported by a Bidelagun; will not be eligible to receive the first classified prizes nor the general classifying prizes of the circuit.**

### **Article 27: RESPONSIBILITIES**

The organization is not responsible for claims or demands resulting from damages that may happen to both participants, companions, fans and materials in case of loss, deterioration or loss outside the insurance coverage contracted by the organization.

Participants enrolled in the races of the BASQUE ULTRA TRAIL SERIES Circuit understand that they participate in the competition voluntarily and under their own responsibility. Therefore, they exonerate, waive, exempt and agree not to report to the organizing entity, collaborators, sponsors and other participants, any civil responsibility towards the participants and their heirs.

The participants must sign the documents that are required to record in writing their acceptance of this regulation.

### **Article 28: MODIFICATIONS**

The organization reserves the right to modify, correct or improve these regulations at any time. The fact of making the registration supposes the agreement of the participant with these rules.

In case of doubt or different interpretation of the regulation in other languages, what is indicated in the Spanish will prevail.

## **Article 29: RESPONSIBILITY AND PURPOSE OF THE DATA PROCESSING**

In compliance with the provisions of Organic Law 15/1999 of December 13 on the Protection of Personal Data, those registered in the BASQUE ULTRA TRAIL SERIES Circuit are informed that the personal information provided by completing the registration form will be sent to be part of a file responsible for Trasil 52 Sport Mendi Kluba (hereinafter the 'organization').

This file will be used for the organization of the sports event, registration of the participants, management of the delivery of the bib numbers, management of insurances for participants, publication of marks in the media, publication of photographs and images of participants in the media, billing and in general those purposes related to the management and organization of the sporting event.

Your contact details will be kept indefinitely and may be subject to assignment to the sponsors of the races for the sending of information related to sporting events organized by the organization or by third parties as well as the products or services offered by the organizers or sponsors of the sporting event. These submissions may be made by both ordinary and electronic channels, without prejudice to your right to cancel your personal data whenever you deem it appropriate.

### **Article 29.1: Participants' rights**

If any participant wishes to accede to rectify, cancel or oppose the processing of their personal data, they may do so by sending the request along with a photocopy of their I.D. or passport to the following address: Trail 52 Sport Mendi Kluba. C/ Zunzunegui 10, 8º. 48013 - Bilbao (BIZKAIA).

### **Article 29.2: Data transfer**

The organization may publish the name, surname, origin, category, ID number, photographs, and images taken during the races and the results made by the athletes in the media. The list and the indicated data of the participants in the different races will be of public consultation from the moment of the inscription. Consequently, their registration in the event implies their express and unreserved consent to the publication of these data in the media that the organization determines - including the Internet - without prejudice to their right of opposition.

The classifications in the different races will be kept indefinitely to the object of accreditation of marks and can be object of consultation in the web page of the organization without prejudice of its right of cancellation.

If the payment of the registration is made by credit card, your personal data will be transferred to the bank that the organizer of the event determines in order to manage the payment of your registration in the sporting event.

The organization has signed a sports accident insurance for all registered participants, therefore, participation in this event implies their express consent to the transfer of their identification data to the insurance company that the organizer determines in order to guarantee adequate assistance in case of accident during the course of the races.

In the event that the user registers third parties, both on the platform and in the sports events managed through it, guarantees the prior express consent of the interested parties in the terms set out in the present legal conditions.

### **Article 29.3: Data quality**

The organization shall in no case be responsible for the legality, truthfulness and accuracy of the data provided. It is your sole responsibility of notifying the organization of any changes to them. The completion of the fields marked with a (\*) is obligatory. The rest of the fields are optional. If you do not provide any of the data marked as mandatory the consequence may be the denial of your registration in the event.

### **Article 29.4: Data provided by Sports Clubs**

In the event that the registration in the event is carried out by a sports club on behalf of its members, the club guarantees to have the informed consent of these for the treatment and transfer of their personal data in the terms established in the present policy of Privacy.

### **Article 30: IMAGE RIGHTS**

Each participant authorizes the organization and its sponsors to freely use and publish any photograph or recorded video in the context of the race unlimitedly.
